2. HOW will my facility be counted?

**Definition:** Group Homes are community-based group living arrangements that can accommodate three or more clients of a service provider. The group home provides room and board as well as services, including behavioral, psychological, or social programs.

- These do **not** include residential treatment centers or facilities operated by or for correctional authorities.
- For juvenile group homes, examples include teen maternity homes, homes for abused and neglected children, and homes for children with no parent/guardian or home elsewhere.

**Residency Criteria:**

- Individuals in adult and juvenile group homes are **counted at the facility**.
- Foster children are **counted at the residence where they live and sleep most of the time**. If they cannot determine a place where they live most of the time, they are counted where they are staying on Census Day, April 1st.
